

Modern Intercom solutions.

Residential G-P Series: Complete IP intercom kit for homes

The Residential G-P Series IP kit is an intercom solution suitable for homes & single premise buildings. This kit includes everything necessary for a simple, single door station & monitor intercom system. Experience video, two-way talk and remote access, plus there is room to expand with additional door stations or intercom monitors.

- Includes 1 x Door Station, 1 x Monitor & 1 x PoE Switch
- Door stations call all connected indoor monitors
- Connect door stations & monitors via Ethernet
- Intuitive interface, for ease-of-use for any visitors
- Interface with most electronic door strikes & sensors
- Elegant black or white gloss intercom monitors
- Slim profile 7" touchscreen indoor intercom monitor
- Receive visitor notifications, leave audio & video messages, remote view, remote unlock and 2-way talk via iOS & Android devices

7" Slimline Touchscreen Monitor

Connect with Power over Ethernet

Two-way talk & Remote Unlock

Stay connected with all that you love.™
