

NC340ADXB Security Camera

The NC340ADXB, a formidable turret-style camera, integrates advanced active deterrent functions with cutting-edge surveillance technology. Its 1/2.3" Progressive CMOS sensor captures high-resolution video up to 12 megapixels, ensuring crystal-clear imagery. With a 3.6 mm fixed lens offering an expansive 87° horizontal field of view, it delivers comprehensive coverage for monitoring applications.

This camera is equipped with powerful active deterrent features, enhancing its security capabilities. Alongside intelligent video analytics like perimeter intrusion detection and face detection, it incorporates active deterrence functions such as audible warnings and strobe lights to deter potential threats effectively.

Designed for versatility and reliability, the NC340ADXB supports audio streaming and edge recording via microSD card, allowing for seamless integration into various surveillance setups. Its IP66 rating ensures durability in outdoor environments, while H.265+ and H.264 video compression technologies optimize storage space without compromising video quality.

With Power over Ethernet capability and Ethernet connectivity, installation is simplified, making it suitable for a wide range of surveillance applications. Backed by a comprehensive warranty and equipped with essential accessories, the NC340ADX offers unparalleled security and peace of mind in professional surveillance environments.
