IV2456X

iVSEC Medium 90° Wall Mount

Product Overview

The iVSEC IV2456X wall mount bracket stands as a versatile and dependable solution for your security camera installations. Its robust construction and adaptable design make it an indispensable accessory for both indoor and outdoor setups. Engineered to provide reliable support for a variety of camera models, this bracket guarantees that your surveillance system remains in optimal positions.

One of the standout features of the IV2456X is its compatibility with a wide range of iVSEC cameras, ensuring versatility in different surveillance scenarios. Its sleek and unobtrusive design seamlessly blends into any environment, offering a clean and professional appearance.

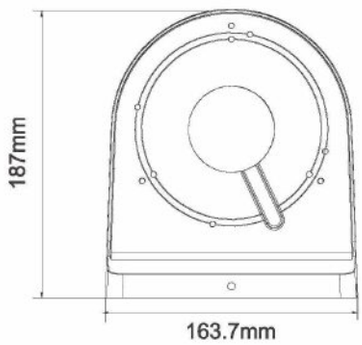

The bracket's intelligent cable management system keeps your installation organized and shields cables from external elements, guaranteeing both functionality and longevity.

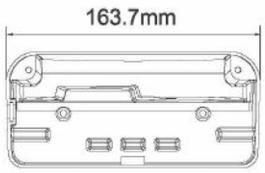

The IV2456X's durability shines through its IP66 rating, making it a sturdy and weather-resistant choice for camera mounting. Whether securing a residential property, a commercial space, or a public venue, this wall mount bracket enhances your surveillance setup with a combination of dependable performance, ease of installation, and professional aesthetics. The iVSEC IV2456X wall mount bracket is the ideal choice for those seeking to elevate their security with style and efficiency.
