IV2444X

IVSEC Pendant Mount

Product Overview

The iVSEC IV2444X ceiling mount bracket is a powerful addition to your surveillance system, providing unparalleled flexibility and stability. Designed for a seamless installation experience, it offers a versatile solution for mounting your security cameras from the ceiling. Its sleek and compact design ensures it discreetly blends into any environment, making it an ideal choice for both commercial and residential spaces.

One of its notable features is the provision for cable routing, which keeps your camera cables concealed, organized, and well-protected. This ensures a clean and professional appearance while safeguarding your surveillance system against external elements.

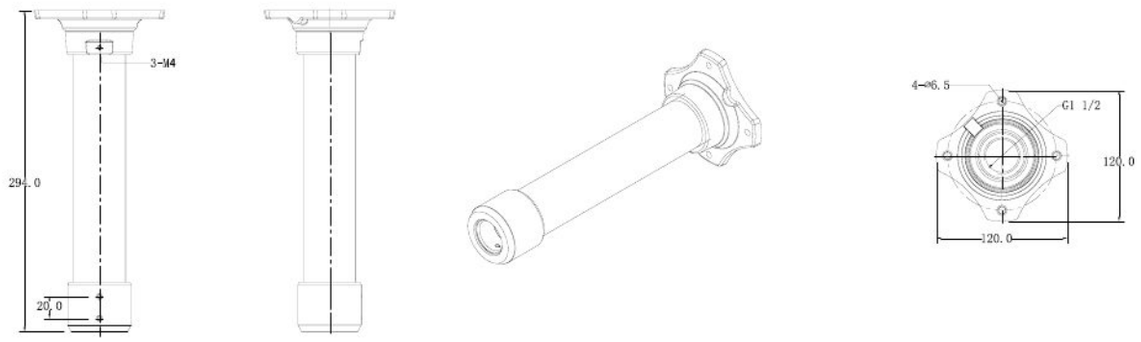

With the IV2444X's sturdy construction and support for various camera models, it offers peace of mind through its dependability.

Built with durability in mind, this ceiling mount bracket is constructed from high-quality materials, making it resilient against adverse weather conditions. The IV2444X is also compatible with multiple iVSEC camera models, enhancing its adaptability for diverse surveillance scenarios. When it comes to reliability, ease of installation, and professional aesthetics, the iVSEC IV2444X ceiling mount bracket is a choice that elevates your security setup to the next level.
