IV2491X

IVSEC 90 DEGREE WALL MOUNT NEEDED WITH IV2490X JUNCTION AND IV2492X ADAPTOR BOX

Product Overview

The iVSEC IV2491X camera mounting bracket is a versatile and robust accessory designed to optimize your surveillance camera installations. This bracket stands out for its adaptability, providing the perfect solution for mounting your cameras in various environments. Its robust construction ensures reliable support for your cameras, making it an ideal choice for both indoor and outdoor setups.

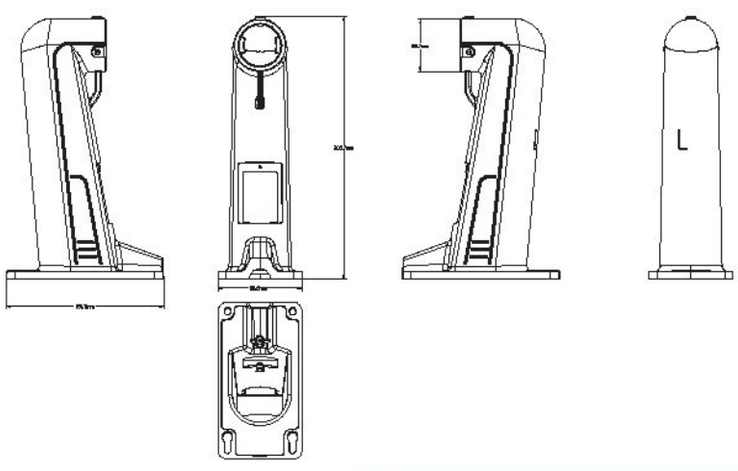

One of the key advantages of the IV2491X is its compatibility with an array of Vivotek camera models, offering flexibility for diverse surveillance scenarios. This bracket features a thoughtfully designed cable management system that keeps your camera cables organized, well-protected, and concealed, ensuring a clean and professional appearance while safeguarding your surveillance system against external elements.

With an IP66-rated weather-resistant design, the IV2491X excels in adverse weather conditions, providing steadfast protection for your camera installations. Whether you're securing a commercial space, a residential property, or an industrial site, this mounting bracket combines durability, ease of installation, and professional aesthetics to elevate your security system. The iVSEC IV2491X camera mounting bracket is your go-to choice for enhancing the performance, reliability, and aesthetics of your surveillance solutions.
