EASY INSTALLATION

Put the heat on crime with these security cameras

- Cutting edge full HD cameras with 1080p video surveillance technology to deter thieves, safeguard loved ones, protect your property & cut the cost of crime
- Seeing is believing from these 1080p full HD cameras (2.1 Megapixels) with a 102° viewing angle to see high detail over a wider field of view
- Latest infrared cut filter & powerful LEDs producing night vision up to 100ft / 30m
- State-of-the-art PIR motion sensors designed for security applications & optimized to reliably detect people but also cars, large pets and other large heat-generating objects
- With more accurate motion detection you have more reliable push notifications & activity-triggered recording, eliminating false triggers due to the wind, leaves falling, bugs, rain & more, saving you hard drive space & playback time (when combined with a DVR)
- The cameras have sturdy Polycarbonate, construction that's suitable for indoor & outdoor applications with IP66 rating for any weather conditions & cable threaded through the mounting stands for added protection
- Perfect addition to Swann's 4575 Series HD DVR Security Systems if you need extra surveillance[^]. The PRO-1080MSB Cameras are another example of security made smarter

Thermal-Sensing Security Cameras

What can I do with this system?

New PIR Motion Technology

All movement, including objects that don't matter like leaves & trees, triggers motion detection & recording

Designed for your security, the PIR motion sensors distinguish heat & movement of larger objects including people & cars

~ Indicative visual, video images show onscreen like normal
