

Protect your driving record.

1080p Car Dash DVR Camera with Mount & 16GB microSD Card

In the unfortunate event of a collision, make sure have the video evidence when it matters most.

The MDVR-HDV7 is a digital video recorder/camera that mounts to the dashboard of your vehicle. The recorder includes a 16GB memory card and features continuous recording, allowing endless recording that overwrites old footage when capacity has been reached. The MDVR-HDV7 powers on at car start and features automatic recording on motion detection, so you don't have to worry about configuring the camera every time you start the vehicle.

Product features

- 3-inch 1080p monitor
- 2.0MP camera with wide dynamic range
- Preview mode for easily viewable footage
- Night-vision and LED flashlight
- Time, date and license plate number footage overlay
